

INSTRUCTORS LIKE **JERRY HANSON** ARE A MEASURE OF OUR SUCCESS!

Dr. Gerald Hanson began teaching at LifeQuest in 2005. A Professor Emeritus at the University of Arkansas at Little Rock, Jerry was the only Geographer on the faculty from 1975 until 2004. Jerry retired from teaching at UALR in 2009 but has continued to teach and inspire LifeQuest members ever since!

An expert in World Geography, Jerry admits some areas are more difficult to teach than others. Africa, for example, is a complex topic because “it is so large, so diverse, and so unknown to many of us.” Asia is challenging for similar reasons. Because he has travelled to and taught these subjects areas professionally, Jerry is able to share his extensive knowledge of the WORLD with LifeQuest members.

Both Jerry and Sandy Hanson are explorers at heart. Having travelled extensively, some places they would like to explore more include Europe, Turkey & Greece, Japan & China. **Ask them about their trip to Norway!**

Jerry attributes LifeQuest as the driving force that keeps him actively pursuing his passion for life-long learning. He describes LifeQuest members as **“literate, travelled, interested and inquisitive. It’s wonderful.”**

Friends and family describe Jerry as a born teacher, a good cook with a love for travel and exploring new places.
