New Equipment for LifeQuest

LifeQuest is excited to show off our new audio visual equipment purchased through a grant from the Arkansas Community Health and Education Foundation.

Celebrating 25 Years

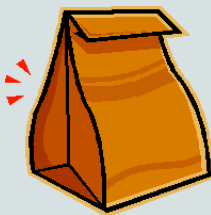

The year 1990 was a significant year for many reasons - the Reunification of Germany, the launch of the Hubble Space Telescope and the hiring of Jane Gordon as the office manager for the Shepherd's Center of Little Rock. It's hard to believe it's been 25 years since Jane came aboard, but it's even harder to imagine LifeQuest without her. From her technological skills to her passion for people, Jane has become a pillar for our organization and we are grateful for her many years of service. **Happy 25th Anniversary, Jane!**
