

# Martha Hunt

## **How many classes/years have you taught (or worked) with Digital Learning?**

- 4 years (after retiring)

## **What kinds of questions/computer issues do you like to help members with?**

- Microsoft Word and similar uses of a computer to draft and organize text, data, and other information stored on a computer and subject to manipulation and transmittal

## **What is your educational/professional background?**

- Retired attorney

## **Please brag! List experiences or recognition you've received which are related (or not!) to your work with Digital Learning:**

- 

## **If you're an instructor, please tell us why you like to (or are interested in) teaching at LifeQuest Digital Learning:**

- During my last 15 years of work, I supervised an office of 15 attorneys and 15-20 support staff. Although we had an IT department, many of the issues that arose in the drafting, production, and printing or electronic filing of legal documents had to be addressed immediately to avoid filing defaults. As a matter of necessity, I quickly learned how to solve many computer issues and enjoyed being able to work with the attorneys and staff so that they might be able to resolve the issue themselves the next time. Accordingly, my skills are primarily in a rather narrow area of computer tasks but I enjoy teaching and helping others with the skills that I have.

## **Tell us about YOU! Please list three distinctive personal facts about yourself:**

1. Love to travel, especially internationally
2. Treasure the opportunity to pay it forward, especially in areas in which I feel that I have something to give.
3. Enjoy staying physically active through gardening and various forms of exercise and staying active mentally by trying to learn daily, whether through reading, various forms of media, lectures and similar events, and especially through travel to locations new to me.
