

# Is **CLINICAL RESEARCH** right for me?

Clinical research is medical research that involves **people**.

It's led to the **DISCOVERY** of every disease treatment prescribed today.

**Study volunteers** play a critical role in this process.

**Are you interested in joining a study or trial?**

**CLINICAL RESEARCH** may be right for you if you want to:

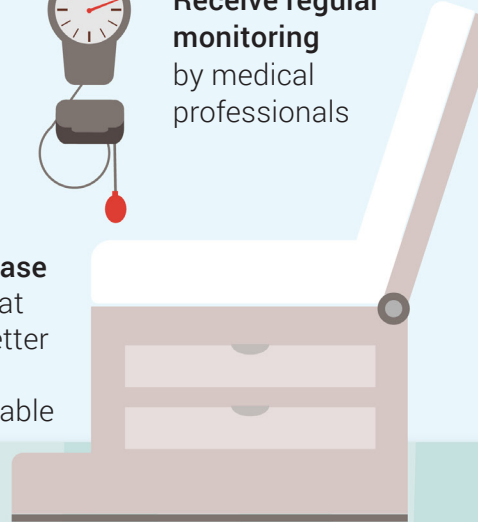

**Help others**, including future family members, who may be at risk for certain diseases

**Test new disease treatments** that might work better than those currently available

**Receive regular monitoring** by medical professionals

## Be part of the **BREAKTHROUGH.**

Learn more about participating in research at [www.nia.nih.gov/clinical-trials-and-older-people](http://www.nia.nih.gov/clinical-trials-and-older-people).
